

# Burn Awareness Week

Sponsored by the BC Professional Fire Fighters' Burn Fund

Prevent Burns Before They Happen! - Kindergarten / Grade 1

## Hot Water and Steam Scalds!

Hot water and steam can cause serious burns to your skin. A burn that is caused by hot liquids or steam is called a scald.

All of these pictures show different types of water or liquids. Draw an "X" through the pictures where the water or liquid might be hot enough to burn.

### Computer Activity:

Watch "Hot Water Scalds" animation video featuring Harry the Hydrant giving burn and steam scald safety tips on [www.burnfund.org/BAW](http://www.burnfund.org/BAW). Stay Safe!
